Home Collection

Light with purpose to enrich how you live, work, dine and relax.
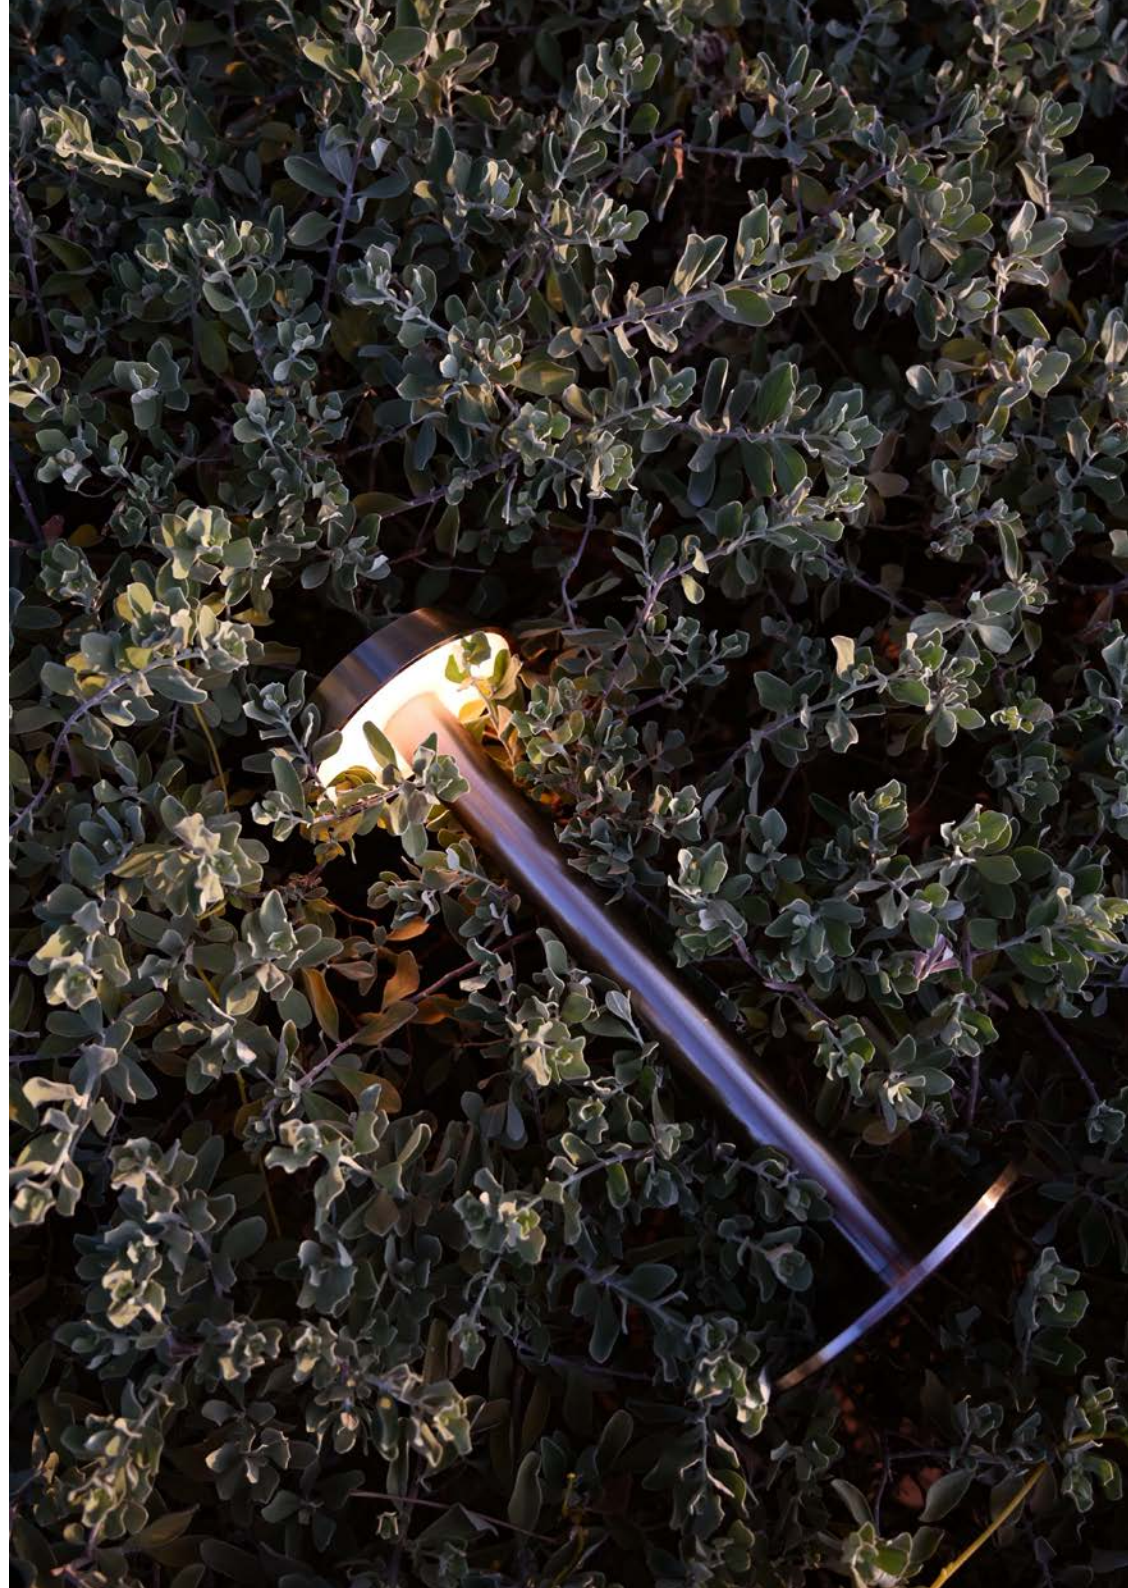

unios®

The Home Collection by Unios – Simple. Versatile. Timeless.

Reimagine your definition of comfort with the Unios classics and latest additions.

Within the pages of this book, you will find a curated collection of lighting staples made for the everyday. It starts with the Moka, our new table lamp that will light your home with as much ease in the dining room as in the communal space or by your bedside. The book continues with the Pluto Wall Light, an impeccably-developed orb of light that allows colours to emerge beautifully, complementing the interior space. Flip through, discover the allure of our new arrivals and Unios classics, and immerse yourself in the transformative power of light.

Changing how the world views lighting.

At Unios, we empower you with premium products with a timeless design and honest value to take the stress out of lighting.

Founded in Perth in 2011, Unios has quickly established itself as one of the fastest-growing lighting brands in the APAC region. As of 2023, we have established a global distribution network of lighting experts across Asia and Australia to strengthen our ability to meet your ever-changing lighting needs. With the aim to bring comfort to your every day, we provide an extensive product range, from interior to landscape, that can perfectly embed solace and warmth into the home.

Moka
Table Lamp

All with a simple touch, the Moka grants you control over adjustable colour temperatures and brightness, effortlessly accentuating the atmosphere wherever you take it. On – the lamp is a portable light source, casting a gentle glow to every corner. Off – the minimal and slim design makes a timeless addition to your home.

Finishes
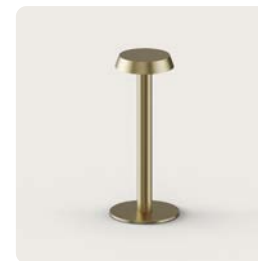

Pluto
Wall Light

Carefully crafted with an opaque glass diffuser, the Pluto emanates a soft and even glow in all directions, creating a floating orb of light. With dusk dimming, you can seamlessly transition from vibrant to serene, setting the perfect ambiance for the interior.

Wall Light

Nola
Wall Light

The Nola is characterised by the half-moon design and even light spread. Discreet yet highly efficient, the Nola makes the ideal step light for a safe and appealing pathway. Thanks to the surface-mounted design, it allows easy installation without compromising the architectural structure.

Finishes
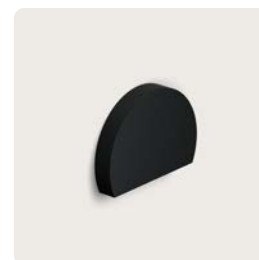

Basc
Wall Light

Embracing the idea of geometrical interplay, the Basc finds its character in the straight lines, soft curves, and rounded edges. With a flat design, the luminaire appears minimal; when combined with the gentle and warm lighting effect, the result is a harmonious final composition for the indoors and outdoors.

Wall Light

Emerald
Spike Spotlight

The development of the Emerald Spike Series followed the guiding principle of 'lighting with intent' with the new 3W output option, adding to the current 5W and 10W range. With a harmonious combination of its various options, this series allows great lighting flexibility and suitability when contouring and shaping the landscape.
